

A guide to the NYC Board of Correction PC Inventory App

No more Excel sheets – powered by a remote database called Firebase, keep track of all PCs as the BOC migrates all PCs to Dell OptiPlex.

Powered with Firebase

All data is stored on a remote database, so every change you make is reflected on all devices. Thus, there is only one single source of truth.

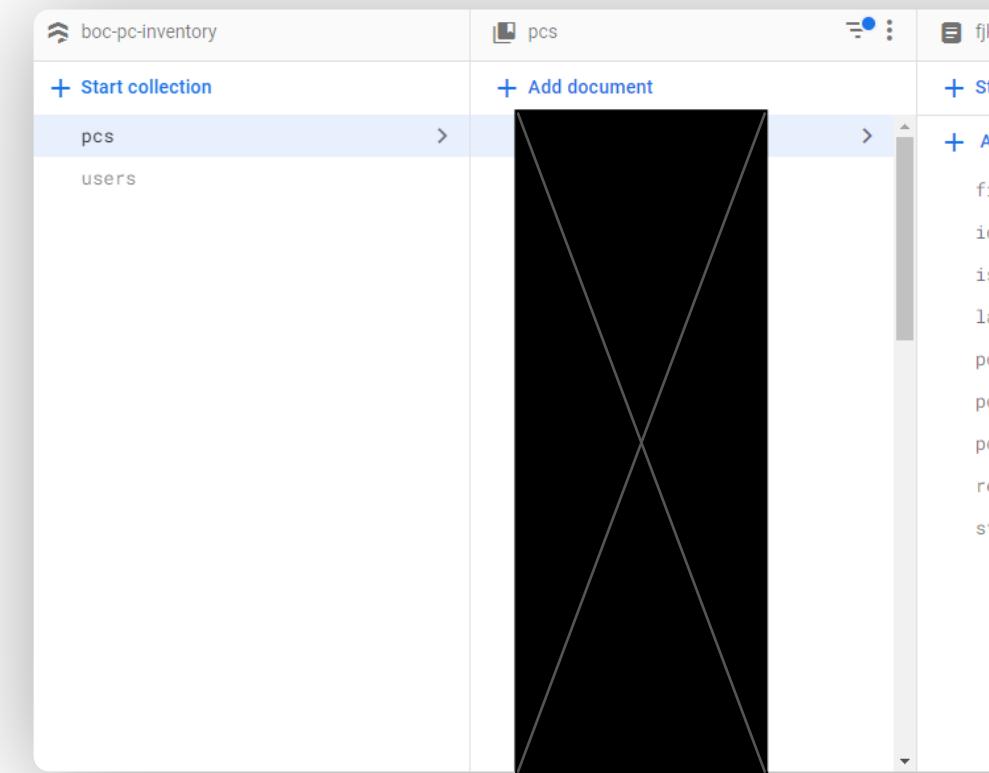

Add a PC

Everyone will see the new PC on their lists

Delete a PC

Easily remove PCs for everyone

Keep track of PCs

As we transition all employees to the Dell OptiPlex [REDACTED], it is important to keep track of which employees are still using old PCs.

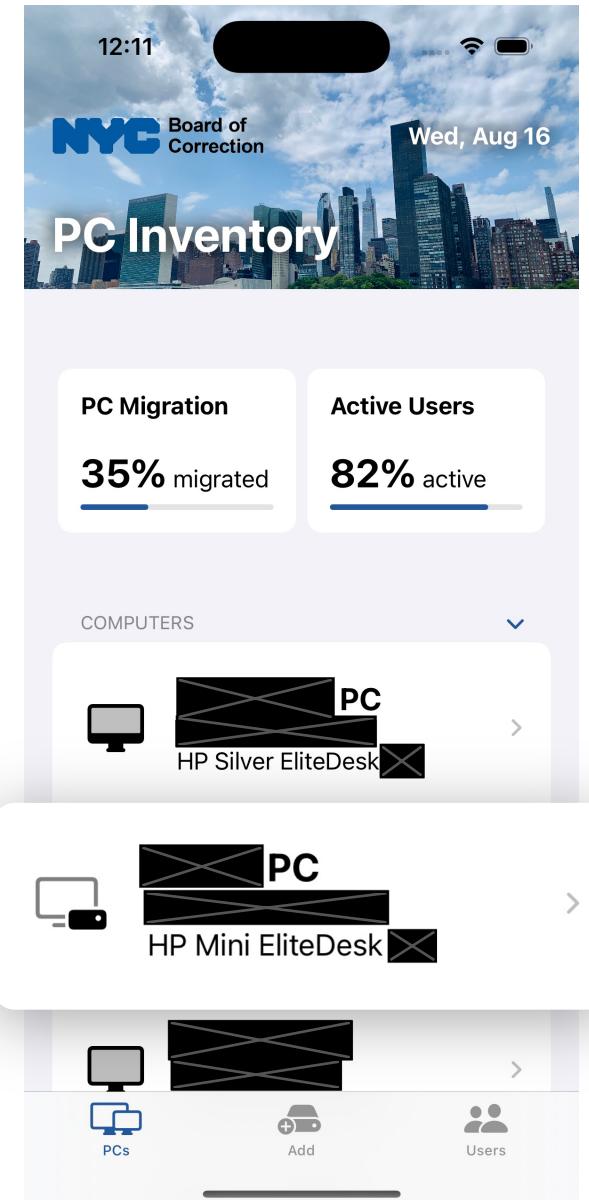

Scrollable List View

All PCs are sorted in alphabetical order

Quick Details before Clicking

View the name, serial number, and PC model

View PC Details

Click on a PC to view details such as the serial number, status, and location.

Get PC Information

Quickly see the user, SN, PC type, and location

Find Replacement Details

See the new PC's SN if the PC has been replaced

View if the PC is still in use or not

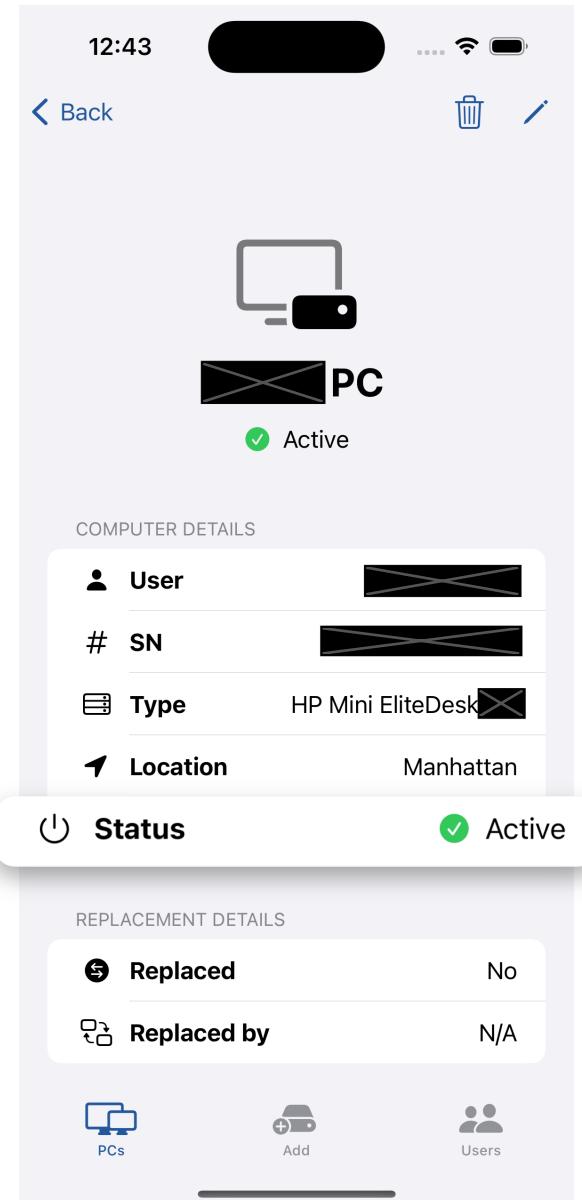

Active

Pending

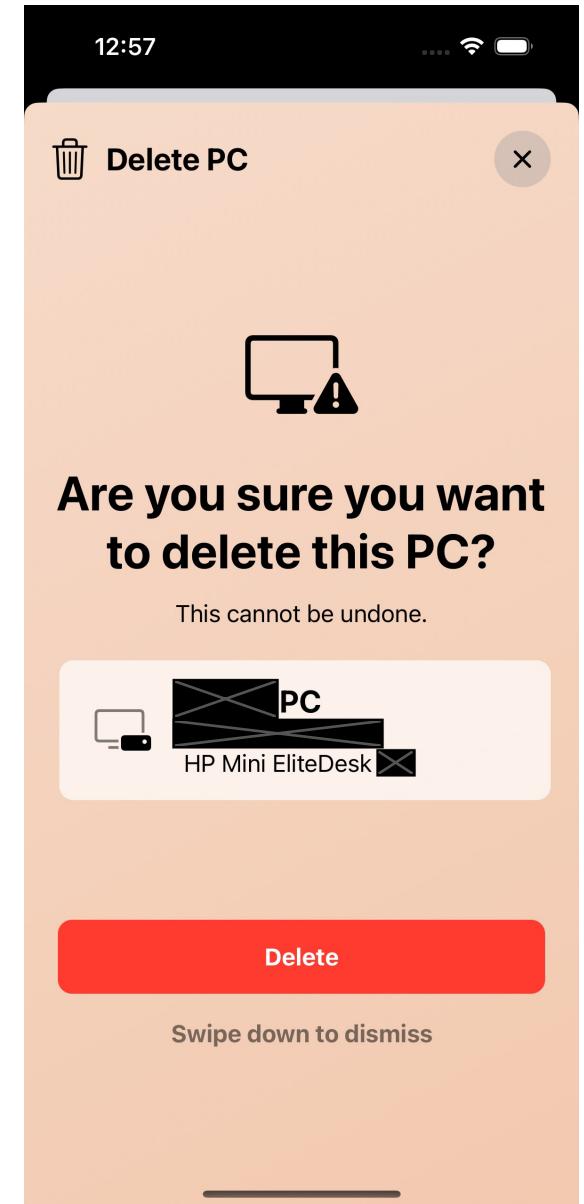

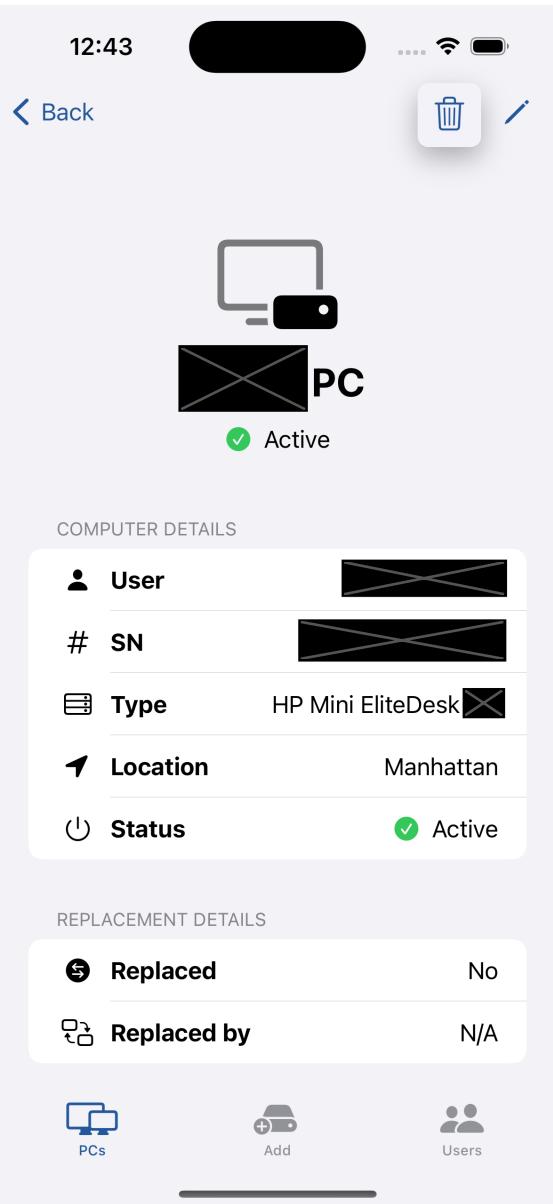

Discontinued

Delete a PC

A prompt appears warning the user of what PC they are deleting. Using the power of Firebase, a deleted PC will not be visible on all devices using the app.

View users

Sort through PCs by username by clicking on the Users tab. Click on a user to view the respective PCs that are associated with them.

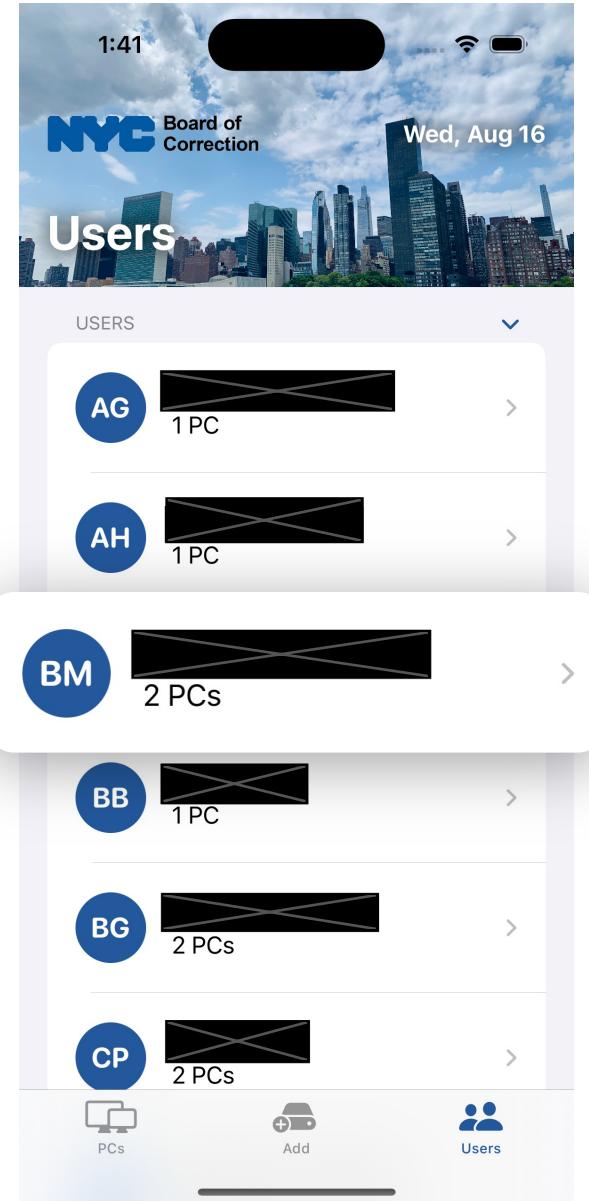

Scorable List View

All PCs are sorted in alphabetical order with initials for quick finding

Quick Details before Clicking

View the number of PCs associated with the user

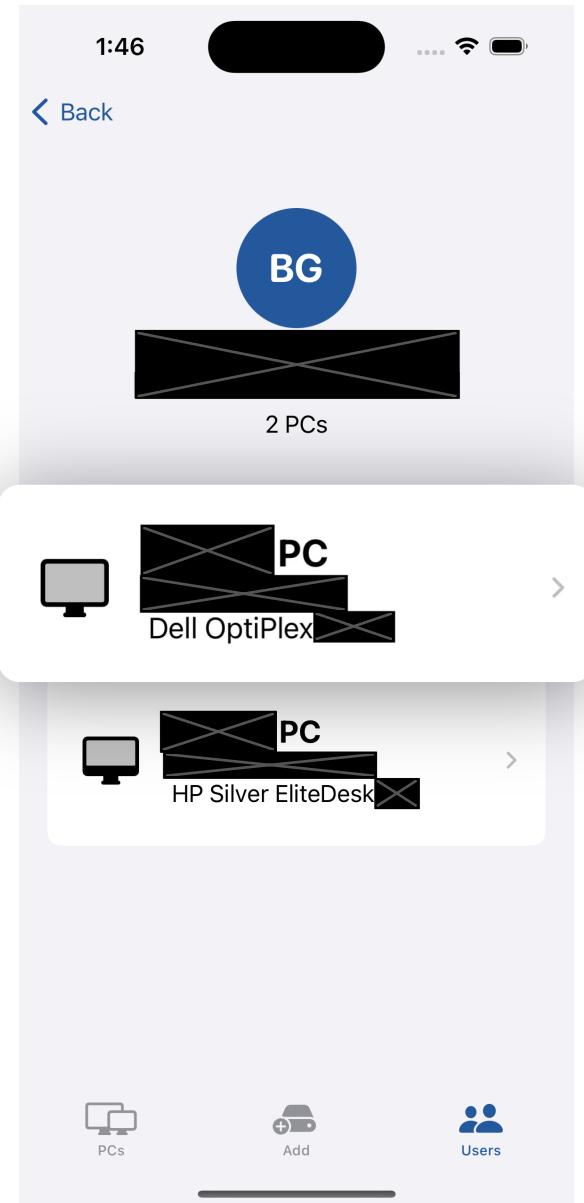

View user details

Click on a user to view the PCs associated with the user. PCs can be clicked to view additional PC details.

Quick Details before Clicking

View the name, serial number, and PC model

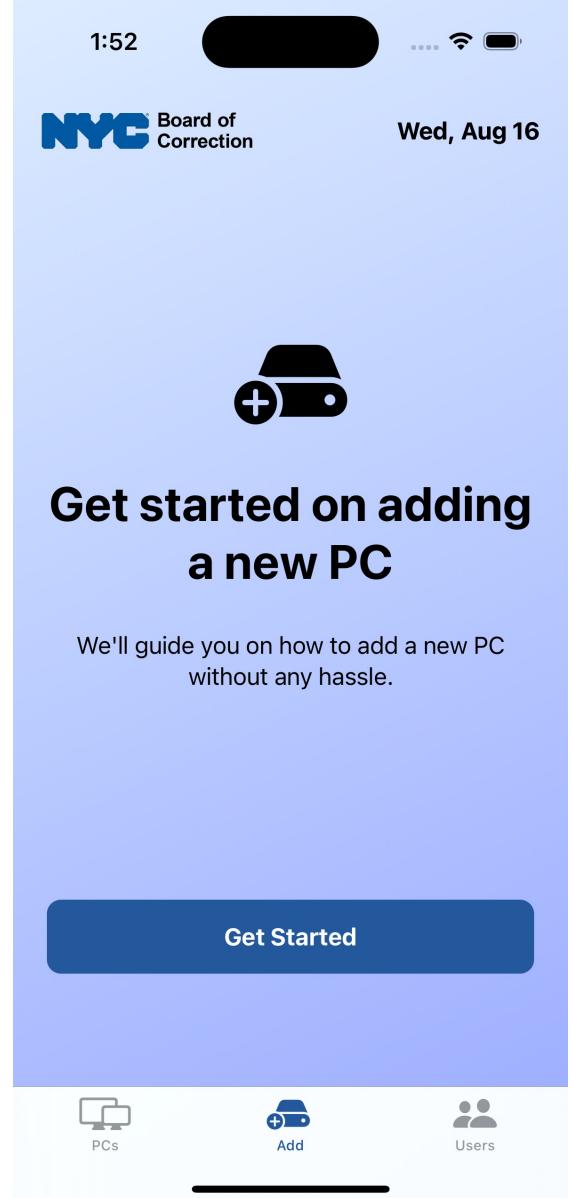

Add a new PC Part 1

Click the Add tab on the bottom to initiate the setup to add a new PC.

1
2
3

Step by Step

The app will guide you on filling the new PC's details

Add a new PC Part 2

The app will guide you step by step in filling out the new PC's details

Directions

The app will tell you where to locate the requested information

Drop-downs

Drop-downs are added for easy selection instead of typing
